PART I

FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

YEAR ENDED DECEMBER 31, 2010

Independent Auditors' Report

The Honorable Mayor and Members
of the Township Council
Township of Byram
Byram, New Jersey

We have audited the financial statements of the various funds of the Township of Byram in the County of Sussex (the "Township") as of December 31, 2010 and 2009, and for the years then ended, as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because the Township prepares its financial statements on the basis of accounting discussed in the third paragraph, the financial statements referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2010 and 2009, and the results of its operations for the years then ended.

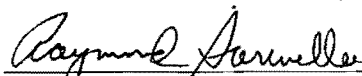

However, in our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds of the Township of Byram at December 31, 2010 and 2009, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in conformity with accounting principles prescribed by the Division, as described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2011, on our consideration of the Township of Byram's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The information included in the supplementary schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards are also presented for purposes of additional analysis and are required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*; and New Jersey's OMB Circular NJOMB-04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audits of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1 to the financial statements and Note 2 to the schedules of expenditures of federal and state awards.

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Township of Byram include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Byram, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Byram do not include the operations of the Volunteer Fire and First Aid Squads.

Governmental Accounting Standards Board publication Codification of Government Accounting and Financial Reporting Standards ("GASB"), Section 2100 "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township of Byram conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Byram accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Fund - Receipt, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

Public Assistance Fund - Receipt and disbursement of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes.

B. Description of Funds (Cont'd)

General Fixed Assets Account Group – Estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1E – “Basis of Accounting”.

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Township of Byram conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The following is a summary of the significant policies.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

YEAR ENDED DECEMBER 31, 2010
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Township's financial statements been prepared under generally accepted accounting principles, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Sewer Utility Capital Fund would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

D. Deferred Charges to Future Taxation

The Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, or collecting a grant. The unfunded deferred charge may also be funded by selling bonds, by loans or by capital leases.

E. Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenue and expenditures/expenses during the period reported. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated a cost or amortized cost, which approximates market.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences - Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include (Cont'd):

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

Grants Receivable - Grants receivable represent the total grant awards less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

General Fixed Assets – In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, the Township developed a fixed assets accounting and reporting system based on the following:

General fixed assets are recorded at cost, except for land which is recorded at assessed value, and buildings, which are recorded at replacement value. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided for on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserves area adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, General Capital Fund and Sewer Utility Fund. The values recorded in the general fixed assets account group and the capital funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost. The amount shown does not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Sewer Utility Capital Fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The Sewer Utility does not record depreciation on fixed assets.

- F. Budget/Budgetary Control – Annual appropriated budgets are usually prepared in the first quarter for the Current operating, Sewer Utility and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bond to finance general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township's full faith and credit and taxing power have been pledged to the payment of the general obligation debt principal and interest.

Wastewater Treatment Loans

On October 15, 1996, the Township of Byram entered into two loan agreements with the State of New Jersey, acting by and through the New Jersey Department of Environmental Protection Fund (the "Fund"), and the New Jersey Wastewater Treatment Trust (the "Trust), in the aggregate amount of \$1,802,284 which represents direct obligations of the Township. The loan agreements were obtained to finance a portion of the cost of wastewater treatment system projects.

Principal payments to the Fund commenced on August 1, 1997, and will continue on a semiannual basis over 17 years at zero interest. Principal payments to the Trust commenced on August 1, 2000, and will continue on semiannual basis over 20 years. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon in the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account. The Township will nevertheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account.

Also, an annual administrative fee of three tenths of one percent (.3%) of the initial principal amount of the loan or such less amount, if any, as the Trust may approve from time to time is payable on these loans.

Green Acres Loan Payable

On March 27, 2002, the Township of Byram entered into a loan agreement with the State of New Jersey, acting by and through the New Jersey Department of Environmental Protection Fund (the "Fund"), in the aggregate amount of \$200,000 which represents direct obligations of the Township. The loan agreements were obtained to finance a portion of the Multi-Park Development project.

Principal payments on the Loan commenced on March 18, 2003, and will continue on an annual basis over 20 years at 2.00% interest. The Township will be responsible for all such interest and principal payments.

On August 14, 2007, the Township of Byram entered into a loan agreement with the State of New Jersey, acting by and through the New Jersey Department of Environmental Protection Fund (the "Fund"), in the aggregate amount of \$500,000 (two separate loans for \$250,000 each) which represents direct obligations of the Township. The loan agreements were obtained to finance a portion of the C.O. Johnson Park project.

Principal payments on the Loan commenced on May 17, 2008, and will continue on an annual basis over 20 years at 2.00% interest. The Township will be responsible for all such interest and principal payments.

Note 4: School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district. The Township of Byram has not elected to defer school taxes.

Note 5: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2010, the following deferred charge is shown on the balance sheet of the Current Fund:

	Balance Dec. 31, 2010	To be Raised in 2011 Budget	Balance to Succeeding Years' Budgets
<u>Current Fund</u>			
Special Emergency Authorization	\$ 148,000.00	\$ 74,000.00	\$ 74,000.00

The appropriation in the 2011 budget will not be less than that required by statute.

Note 6: Pension Plans

Township employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS), the Police and Firemen's Retirement System (PFRS) of New Jersey or the Defined Contribution Retirement Program (DCRP). The State of New Jersey sponsors and administers the PERS and the PFRS which cover substantially all Township employees. Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. As a general rule, all full-time employees are eligible to join the PERS or the PFRS. However, if an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service. Enrolled PFRS members may retire at age 55 with a minimum of 10 years of service required for vesting. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above systems. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employee contributions are based on percentages of 5.5% for PERS and DCRP and 8.5% for PFRS of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in the three Funds.

(Continued)

Note 6: Pension Plans (Cont'd)

The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits for PERS and PFRS. In the PERS, the employer contribution includes funding for post-retirement medical premiums. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Township contributions to PERS amounted to \$106,103, \$111,101 and \$84,883 for 2010, 2009 and 2008, respectively. The annual pension cost ("APC") for PERS differed from the net pension obligation ("NPO") due to the enactment of Chapter 114, P.L. 1997 for 2008 as the APC was \$106,104 and the NPO was \$84,883. Township contributions to PFRS amounted to \$304,583, \$274,995 and \$239,414 for 2010, 2009 and 2008, respectively.

The employee and employer contributions for the DCRP contributions were \$3,417.45, \$4,801.78 and \$-0-, for 2010, 2009 and 2008, respectively.

Note 7: Accrued Sick and Vacation Benefits

The Township permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$709,000 at December 31, 2010. This amount is not reported either as an expenditure or a liability. It is expected that the cost of such unpaid compensation would be included in the Township's budget operating expenditures in the year in which it is used. This amount is partially reserved in the Reserve for Sick and Vacation Leave of \$429,743.08 on the Trust Fund balance sheet at December 31, 2010.

Note 8: Post-Retirement Benefits

In addition to the pension benefits described in Note 6, the Township provides other post-retirement benefits to certain clerical, public works and police employees. Clerical and public works employees are eligible for life insurance, medical, hospitalization and dental care benefits providing they meet certain eligibility requirements. To be eligible for these benefits, the employee must have been employed by the Township at the time of retirement with at least 25 or more years of service or at least 15 or more years of service and reached the age of 62, or at least 10 or more years of service if retirement is caused by disability for which a disability pension of 50% or more has been approved.

Police are eligible for family health plan, life insurance and dental benefits. To be eligible for continued benefits, the retiree must retire pursuant to the New Jersey Police and Firemen's Pension statutes. A retired police employee may apply not to be covered for medical and dental benefits in exchange for a cash payment equal to one-half of the savings in cost to the Township for providing coverage for one year.

All eligible employees must apply for full federal health care benefits at the earliest opportunity. The Township will provide "wrap around" coverage if available, in lieu of standard benefits, after eligibility for federal health benefits is established.

Note 8: Post-Retirement Benefits (Cont'd)

The Township's portion of post-retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. During 2010 and 2009, the Township recognized expenditures/expenses in the amount of \$404,774 and \$418,583, respectively.

Funding Policy

The Township is not required to nor does it contribute the annual required contribution (ARC) per N.J.S.A. 40A:4-1 et. seq. There is currently no provision under State statute for the Township to accrue funds, create a trust or issue debt to finance their other post employment benefit ("OPEB") liability.

Currently, there are no contribution requirements of plan members.

Annual OPEB Cost per Actuarial Valuation

For 2008, 2009 and 2010, the Township's annual OPEB cost (expense) of \$1,075,500 was equal to the ARC. An update to the 2008 valuation was not prepared as there were no significant plan changes, significant population changes or changes in assumptions used to complete the valuation. The Township's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2008, 2009 and 2010 is as follows:

Year	Actuarial Estimated OPEB Payments	Annual OPEB Cost	Percentage of Annual OPEB Costs Contributed	Net OPEB Obligations
2008	\$ 733,600	\$ 4,468,100	16.42%	\$ 3,734,500
2009	733,600	4,468,100	16.42%	7,469,000
2010	733,600	4,468,100	16.42%	11,203,500

Funding Status and Funding Progress

The funded status of the plan as of January 1, 2010, was as follows:

	2008	2009	2010
Actuarial Accrued Liability (AAL)	\$ 12,005,100	\$ 12,005,100	\$ 12,005,100

Note 8: Post-Retirement Benefits (Cont'd)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include economic assumptions; benefit assumptions and demographic assumptions. Economic assumptions include the discount rate and health care cost trend rates. Benefit assumptions encompass the initial per capita costs rates for medical coverage. Finally, demographic assumptions include probabilities concerning retirement, mortality, termination without being eligible for benefits; disability; participation rates and coverage levels. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Note 9: Deferred Compensation

The Board offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. This plan, which is administered by Nationwide, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan is not available to employees until termination, retirement, death or unforeseeable emergency.

Note 10: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Note 11: Cash and Cash Equivalents

Cash and cash equivalents include change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40 *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures* require disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed below and on the following page.

Deposits:

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;

- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in statute; and
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2010, cash and cash equivalents of the Township of Byram consisted of the following:

Note 12: Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Township of Byram is a member of the Statewide Insurance Fund, (the "Fund"). The Fund is a risk-sharing public entity risk pool that is both an insured and self-administered group of municipalities established for the purpose of providing low-cost insurance coverage for their members in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) General Liability and Auto Liability
- c.) Property Damage
- d.) Boiler and Machinery
- e.) Law Enforcement Liability
- f.) Public Officials' Liability
- g.) Employment Practice Liability
- h.) Crime
- i.) Umbrella Liability
- j.) Environmental Impairment Liability
- k.) Excess Liability

As a member of the Fund, the Township could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body.

The December 31, 2010 audit report of the Statewide Insurance Fund is not filed as of the date of this audit. Selected financial information for the Fund as of December 31, 2009 is as follows:

New Jersey Unemployment Compensation Insurance

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State.

The following is a summary of Township contributions, interest earned, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Township's expendable trust fund for the current and previous two years:

<u>Year</u>	<u>Township Contributions</u>	<u>Interest Earned</u>	<u>Employees Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2010	\$ -0-	\$ 137.89	\$ 188.35	\$ 127.50	\$ 57,543.19

2008	-0-	77.85	4,004.50	707.63	53,360.43

Note 13: Interfund Receivables and Payables

The following interfund balances remain on the balance sheet at December 31, 2010:

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Current Fund	\$ 5,538.00	\$ 209,308.21
Animal Control Fund		5,538.00

General Capital Fund	40,000.00	
	<u>\$ 214,846.21</u>	<u>\$ 214,846.21</u>

The Township's interfund receivable to Current Fund is a result of the statutory excess in the Animal Control fund. The interfund payable from Current Fund is budget appropriations due to the General Capital Fund and the balance of the Open Space Tax Levy due to the Other Trust Funds. The Chief Financial Officer monitors all interfunds for these accounts and liquidates them on a monthly basis. The balances remaining at December 31, 2011, represent activity not liquidated by year end which were subsequently liquidated in January 2011.

TOWNSHIP OF BYRAM
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2010

(Continued)

Note 14: Economic Dependency

The Township of Byram receives a substantial amount of support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.

Note 15: Contingent Liabilities

The Township is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Township vigorously contests all lawsuits and believes the ultimate resolution would not have a material adverse effect on their financial position.

The Township has been advised that a number of tax appeals have been filed. Potential refunds on tax appeals could be as much as \$300,000. A reserve for pending tax appeals in the amount of \$300,000 has been recorded as a liability as of December 31, 2009.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

Note 16: Open Space Trust Reserve

The Township created an Open Space Trust Fund with a tax levy of \$.02 per \$100 of assessed valuation in 1999. The funds collected are used to acquire and maintain open space property in the Township. The 2010 Open Space tax levy was \$110,884.91. The balance of the Open Space Trust Fund as of December 31, 2010 was \$576,322.50.

The Township of Byram also received grants for the acquisition of open space land previously purchased by the municipality in previous years. The intention of the municipality is to use this funding to offset the debt issued to acquire these properties. These funds are being held in a Reserve for Open Space – Debt Service on the Other Trust Fund balance sheet. The reserve disbursed \$39,814.56 during the current year to fund the debt service payments of the current year. The balance of the Open Space Trust Fund – Debt Service as of December 31, 2010 was \$557,403.81.

TOWNSHIP OF BYRAM
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2010

Note 1. GENERAL

The accompanying schedules of expenditures of federal and state awards present the activity of all expenditures of federal and state awards of the Township of Byram. Township of Byram is defined in Note 1 to the Borough's financial statements. All federal and state financial assistance received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

Note 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal and state awards are presented using the cash basis of accounting. The information in these schedules is presented in accordance with the requirements of federal OMB Circular A-133, Audits of States, Local Governments, and Nonprofit Organizations. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 3. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 4. STATE LOANS OUTSTANDING

The Township of Byram has the following loans outstanding as of December 31, 2010:

Department of Environmental Protection:	
Green Acres #1	\$ 127,200.80
Green Acres #2	435,122.10
Wastewater Treatment Loan	660,011.76

Currently the Township is in the process of repaying these loan balances. There were no loan receipts or expenditures in the current year. The projects which relate to the loans are complete.

Independent Auditors' Report on Internal Control Over
 Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements
 Performed in Accordance with Government Auditing Standards

The Honorable Mayor and Members
 of the Township Committee
 Township of Byram
 Byram, New Jersey

We have audited the financial statements of the Township of Byram, in the County of Sussex (the "Township") as of, and for the years ended, December 31, 2010 and 2009 and have issued our report thereon dated April 28, 2011, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as Finding 2010-01 that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and Members
of the Township Committee
Township of Byram
Page 2

Compliance and Other Matters

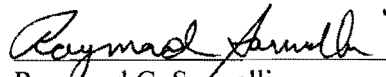

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the Township's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Mayor and Members of the Township Committee, others within the Township and to meet the requirements for filing with the Division of Local Government Services, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04

The Honorable Mayor and Members
of the Township Committee
Township of Byram
Byram, New Jersey

Compliance

We have audited the compliance of the Township of Byram, in the County of Sussex (the "Township") with the types of compliance requirements described in the U.S. Office of Management and Budget (the "OMB") Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on its major state program for the year ended December 31, 2010. The Township's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major state program is the responsibility of the Township's management. Our responsibility is to express an opinion on the Township's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Those standards, OMB Circular A-133 and New Jersey's OMB Circular NJOMB 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township's compliance with those requirements.

In our opinion, the Township complied, in all material respects, with the requirements referred to above that are could have a direct and material effect on its major state program for the year ended December 31, 2010.

The Honorable Mayor and Members
of the Township Committee
Township of Byram
Denville, New Jersey
Page 2

Internal Control Over Compliance

The management of the Township is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Township's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the *New Jersey State Aid/Grant Compliance Supplement*, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

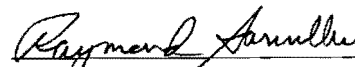

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Mayor and Members of the Township Committee, and to meet the requirements for filing with the Division of Local Government Services, federal and state awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

TOWNSHIP OF BYRAM
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2010

Summary of Auditors' Results:

- An unqualified report was issued on the Township's financial statements prepared on another comprehensive basis of accounting.
- The audit did not disclose any material weaknesses in the internal controls of the Township.
- The audit did not disclose any noncompliance that is material to the financial statements of the Township.
- The audit did not disclose any material weaknesses or significant deficiencies in the internal controls of the Township's major state program.
- An unqualified report was issued on the Township's compliance for its major state program.
- The audit did not disclose any audit findings which are required to be reported in accordance with New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*.
- The Township was not subject to the single audit provisions of Federal OMB Circular A-133 for 2010 as grant expenditures were less than the single audit threshold of \$500,000 identified in the Circular.
- The Township's major state program for the year ended December 31, 2010 consisted of the following award:

<u>State</u>	<u>Grant Number</u>	<u>Grant Period</u>	<u>Grant Award</u>	<u>Budgetary Expenditures</u>
Green Acres	1904-00-078	01/01/10 - 12/31/10	\$ 2,025,000.00	\$ 2,025,000.0

- The threshold for distinguishing Type A and Type B programs was \$300,000.
- The District did not qualified as a "low-risk" auditee under the provision of section 530 of the Circular.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards, except as follows:

Finding 2010-1

The Township does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Township are responsible for the issuance of permits and licenses; collection of taxes, and permit and license fees; and recording of these collections. Also the deposit and recording of receipts for the various funds, the reconciliation of the bank accounts, and the preparation of the general ledger are all performed by the Chief Financial Officer. The disbursement of funds and the preparation of payroll are performed by the Finance Clerk, however; the Chief Financial Officer currently oversees and is partially involved in these duties. This is due, in part, to the limited number of personnel of

the Township and the decentralized nature of governmental collection procedures. Accordingly, management and the Township Council should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Management's Response

The finding was evaluated, however due to budgetary constraints no resolution can be made at this time.

Findings and Questioned Costs for Federal Awards:

- Not Applicable – Grant expenditures were below the single audit threshold.

Findings and Questioned Costs for State Awards:

- The audit did not disclose any findings or questioned costs for state awards as defined in Section 510(a) of the federal circular and NJ OMB Circular NJOMB 04-04.

PART III

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2010

TOWNSHIP OF BYRAM
COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999 c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2005 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$21,000, and with a qualified purchasing agent the threshold may be up to \$29,000.

Effective July 1, 2010 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$26,000, and with a qualified purchasing agent the threshold may be up to \$36,000.

The governing body of the Township of Byram has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

On January 3, 2010, the governing body adopted the following resolution authorizing interest to be charged on delinquent taxes charges:

BE IT RESOLVED by the Mayor and Council of the Township of Byram, Sussex County, New Jersey, that the rate of interest charges on delinquent taxes in this Township shall be as follows:

On all delinquents to and including December 31, 2010, at the rate or rates heretofore governing, and on all delinquents on and after January 1, 2010 at the rate of 8% per annum for and upon the first \$1,500 of the delinquency, the rate of 18% per annum for and upon any amount of the delinquency in excess of \$1,500, and the rate of 6% per annum for and upon any amount in excess of \$10,000; and that a grace period of 10 days will be allowed on taxes due February 1, May 1, August 1, and November 1. If taxes are not paid by the 10th, interest shall be charged from the due date.

BE IT RESOLVED, that the collector of the Township be and hereby directed to collect interest on all taxes accordingly.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

Year	Tax Title Liens
2010	85
2009	70
2008	68

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

TOWNSHIP OF BYRAM
COMMENTS AND RECOMMENDATIONS
 (Continued)

Delinquent Taxes and Tax Title Liens (Cont'd)

The records of the tax title liens held by the township were not accurately recorded as a result of a software change. Balances had not been carried properly from the switch in software during the prior year. It was also noted that there are a large number of liens held by the Township.

It is recommended that the records of the township liens be reviewed to ensure the accuracy of the records and that measures be taken to collect or foreclose on the large number of liens.

Management's Response:

The Chief Financial Officer will review all lien balances for accuracy of the Township records and begin to take measures to collect or foreclose on the liens held by the Township.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Type	Number Mailed
Payment of 2011 Taxes	20
Payment of 2010 Taxes	20
Delinquent Taxes	15
Tax Title Liens	5
Payment of 2011 Sewer Rents	10
Payment of 2010 Sewer Rents	10
Delinquent Sewer Rents	3

Technical Accounting Directives

The Division of Local Government Services has established three (3) technical accounting directives which are prescribed by the revision of 1987 draft "Requirements of Audit and Accounting". They are as follows:

1. Maintenance of an encumbrance accounting system.
2. Fixed assets accounting and reporting system.
3. General ledger accounting system.

The Township maintains an encumbrance accounting system, a fixed assets accounting and reporting system and a general ledger accounting system.

Segregation of Duties

The Township does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Township are responsible for the issuance of permits and licenses; collection of taxes, and permit and license fees; and recording of these collections. Also the deposit and recording of receipts for the various funds, the reconciliation of the bank accounts, and the preparation of the general ledger are all performed by the Chief Financial Officer.

Segregation of Duties (Cont'd)

The disbursement of funds and the preparation of payroll are performed by the Finance Clerk, however; the Chief Financial Officer currently oversees and is partially involved in these duties. This is due, in part, to the limited number of personnel of the Township and the decentralized nature of governmental collection procedures. Accordingly, management and the Township Council should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Management's Response

The finding was evaluated, however due to budgetary constraints no resolution can be made at this time.

Finance

Our review of the records of the Finance Office revealed that deposits are not being made within 48 hours of receipt as required by state statute.

It is recommended that deposits are made within 48 hours of receipt as required by statute.

Management's Response:

The Chief Financial Officer will implement a new process to ensure that funds are deposited within 48 hours of receipt.

Office of Recreation

Our review of the records of the Recreation Office revealed that deposits are not being made within 48 hours of receipt. Further review revealed that the Recreation office is holding the funds until a large portion of the collections for a specific program are received and then at that time the funds are given to the finance office for deposit. Although an improvement from last year has been made, it was also noted that funds are still being collected by individuals other than the Recreation Director for events such as dances or other township events. These funds are not turned over to the Recreation Director for deposit until several days/weeks after the event.

It is recommended that the process for the collection of funds by the Recreation Department be revised to implement stronger internal controls and to ensure that deposits are made within 48 hours of receipt as required by statute.

Management's Response:

The Township Manager will work with the Chief Financial Officer and the Recreation Director to develop a new process for the collection of funds by the Recreation Department to ensure that funds are deposited within 48 hours of receipt.

Status of Prior Year Recommendations

The Township has initiated a corrective action plan to resolve comments and recommendations from the 2009 audit report. Recommendation 3, 5 and 6 were resolved in the current year and recommendations 1, 2 and 4 are included as current year recommendation and are in the process of being implemented.

TOWNSHIP OF BYRAM
SUMMARY OF RECOMMENDATIONS

It is recommended that:

1. An adequate segregation of duties be maintained with respect to the recording and treasury functions.
2. Records of the township liens be reviewed to ensure the accuracy of the records and that measures be taken to collect or foreclose on the large number of liens.
3. Deposits be made within 48 hours by the Finance Office.
4. The process for the collection of funds by the Recreation Department be revised to implement stronger internal controls and to ensure that deposits are made within 48 hours of receipt as required by statute.
5. Deposits be made within 48 hours by the Municipal Court.
