 1. The Board of Health's table at Byram Fest was loaded with many informational pamphlets covering insects, water quality, health and safety, many in both English and Spanish. It was a very good turnout by residents and the board members worked together to ensure the table was manned throughout the event. The board feels that 7:30pm was a good time to disassemble the table as traffic was slowing down and people were heading to the fields in search of prime seating for the fireworks.
