

NEWS ON BYRAM TOWNSHIP'S RECYCLING PROGRAM

Please do your part to properly dispose of plastics by checking the number that is stamped on the material. Materials that can be recycled are stamped with numbers 1, 2 and 5. Materials that are to be placed in trash are stamped with numbers 3, 4 and 6.

Soft film plastics like single-use shopping bags and produce bags can be recycled through periodic community sponsored challenges. Check the Township website for details on when these will occur. In addition, some retailers have a year round soft film recycling program.
